

INDEPENDENT AUDITOR'S REPORT**TO THE GOVERNING BODY OF POPULATION SERVICES INTERNATIONAL****OPINION**

We have audited the financial statements of Population Services International ("the Society"), which comprise the Balance Sheet as at March 31, 2020, and the Statement of Income and Expenditure for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Society as at March 31, 2020, and of its financial performance for the year then ended in accordance with the Accounting Standards issued by the Institute of Chartered Accountants of India ("ICAI").

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) issued by ICAI. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the society in accordance with the ethical requirements that are relevant to our audit of the financial statements in India, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of matters

We draw attention to the Note 20 to financials statements which states that the Society entered into an agreement with Ministry of Health & Family Welfare, Department of AIDS Control (NACO) during the financial year 2014-15. The Society, in line with the agreement, incurred certain expenditure amounting to INR 221,785,299 in relation to human resources, trade promotion and communication activities. However, NACO did not fulfil its supply commitment of commodities, as per the contract resulting in limiting the achievement of program deliverables. On the basis of the above facts, the Management of the Society issued a notice as "Frustration of Contract" to NACO during 2014-15. The Society subsequently received INR 133,064,731 out of the outstanding amount of INR 221,785,299 on April 2, 2016. During the year 2018-19, the Management has initiated arbitration proceedings to recover balance amount of INR 88,720,568. Based on opinion obtained from Independent consultant and assessment of facts and circumstances of the matter, the Management is of the opinion that there are appropriate grounds available with the Society to defend its case from commercial perspective and therefore, no provision is considered necessary at this stage.

Our opinion is not modified in respect of this matter.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the aforesaid Accounting Standards, and for such internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing the society's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Management either intends to liquidate the society or to cease operations, or has no realistic alternative but to do so.

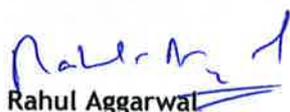

Those charged with governance are responsible for overseeing the society's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken based on these financial statements.

We give in "Annexure A" a detailed description of Auditor's responsibilities for Audit of the Financial Statements.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT ON EVEN DATE ON THE FINANCIAL STATEMENTS OF POPULATION SERVICES INTERNATIONAL

Auditor's Responsibilities for the Audit of the Financial Statements

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the entity to cease to continue as a going concern.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

POPULATION SERVICES INTERNATIONAL
NOTES FORMING PART OF THE FINANCIAL STATEMENTS
(All amounts in INR, unless specified)

1. Background

Population Services International ('PSI' or 'the Society') is a non-profit and non-governmental organisation established in 1980 with a mandate to assist in the fields of reproductive health, HIV/AIDS prevention and maternal child health.

The Society is registered with the Income-tax department under Section 10(23C)(iv) of Income-tax Act, 1961 vide tax exemption certificate received vide Notification No.18/2007 dated January 31, 2007.

PSI's mission is to empower low income people to lead healthy lives through the informed use of health products and services, made accessible and affordable to them through social marketing activities. PSI has long-term commitment to the people of India and to maximising its impact through advocacy, networking and collaboration with other organisations. PSI's activities are consistent with and complementary to those of the Government of India.

The Society is also registered under the Foreign Contribution (Regulation) Act, 2010 for carrying out social activities. The registration is valid till October 31, 2021.

2. Significant accounting policies

2.1 Basis of preparation

The financial statements have been prepared in accordance with generally accepted accounting principles in India (Indian GAAP) under the historical cost convention on an accrual basis in compliance with all material aspects of the applicable Accounting Standards issued by the Institute of Chartered Accountants of India ('ICAI'). The accounting policies adopted in the preparation of financial statements have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy until now (hitherto) in use with those of previous year.

2.2 Use of estimates

The preparation of financial statements requires the Management to make judgments, estimates and assumptions that affect the reported amounts of income, expenditure, assets and liabilities and disclosure of contingent liabilities, at the end of the reporting period. Although, these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

2.3 Fixed assets

(a) Property, plant and equipment

Property, plant and equipment are stated at cost, less accumulated depreciation and impairment losses, if any. Cost comprises the purchase price and any cost attributable to bringing the assets to its working condition for its intended use which includes taxes, freight, and installation and allocated incidental expenditure.

Subsequent expenditure relating to tangible assets is capitalised only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance.

POPULATION SERVICES INTERNATIONAL
NOTES FORMING PART OF THE FINANCIAL STATEMENTS
(All amounts in INR, unless specified)

(b) Intangible assets

Intangibles are stated at historical cost less accumulated amortisation and represents computer software required for internal use and these are recognised as assets if it is probable that future economic benefits attributable to such assets will flow to the Society and the cost of the assets can be measured reliably.

2.4 Depreciation and amortisation

Depreciation on tangible assets is provided on written down value method at the per annum rates specified below:

Assets	Rates
Buildings	10%
Furniture and fixtures	15%
Computers	60%
Office equipment	25%
Electrical equipment	25%
Vehicles	20%

Individual assets costing less than INR 5,000 per unit are expensed off in the year of purchase.

Intangible assets are being amortised over their effective useful life of 5 years. Depreciation on additions is provided on pro-rata basis from the month of purchase when the asset has been in use for 20 days or more. Similarly, depreciation on assets sold/disposed off during the year is being provided up to the month of sale when the asset has been in use for 20 days or more.

2.5 Impairment of assets

The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognised wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the assets' net selling price and value in use. In assessing value in use, the estimated future cash flows are on the basis of reasonable estimate.

After impairment, depreciation/amortisation is provided on the revised carrying amount of the asset over its remaining useful life.

2.6 Revenue recognition

(a) Distribution receipts

Revenue from distribution receipts is recognised when all significant risks and rewards of the ownership are transferred to the buyer as per the terms of distribution which coincide with the dispatch of the goods. Revenue is recorded net of tax and returns, if any.

A handwritten signature in blue ink, appearing to be a stylized name.

POPULATION SERVICES INTERNATIONAL
NOTES FORMING PART OF THE FINANCIAL STATEMENTS
(All amounts in INR, unless specified)

(b) Donation and grants

Donations and grants received are recorded as income when it is reasonably certain that the ultimate collection will be made, other than grants received for a specific purpose, which are recognised as income to the extent of expenditure incurred during the year. Donations received in kind are not valued or accounted for in the books of account.

(c) Interest

Interest income is accounted for on time proportionate basis at the applicable rate of interest.

2.7 Inventories

Distributable goods are valued at cost (inclusive of packaging cost) or net realisable value, whichever is lower. The cost of such products is determined on a First In First Out basis, and is taken at subsidised rates in case of purchases made from the Government of India.

Items such as testing kits and contraceptives purchased for the purpose of distribution to beneficiaries free of cost or at a nominal value, are valued at lower of cost or replacement cost.

2.8 Cash and bank balances

Cash and bank balances include cash in hand, bank balances in savings accounts and fixed deposits held with scheduled banks.

2.9 Leases

Operating leases: Lease rentals in respect of assets taken under operating lease are charged to the statement of Income and Expenditure on straight line basis over the period of lease.

2.10 Foreign currency transactions

Initial recognition: Foreign currency transactions are recorded in the reporting currency by applying the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

Conversion: Foreign currency monetary items are reported using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction; non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when such values were determined.

Exchange differences: Exchange differences arising on the settlement of monetary items or on reporting the Society's monetary items at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognised as income or as expenses in the year in which they occur.

POPULATION SERVICES INTERNATIONAL
NOTES FORMING PART OF THE FINANCIAL STATEMENTS
(All amounts in INR, unless specified)

2.11 Retirement benefits

Expenses and liabilities in respect of employee benefits are recorded in accordance with Accounting Standard 15 - Employee Benefits (Revised 2005) issued by the ICAI.

(a) Defined contribution plan

The Society makes defined contribution to Government Employee Provident Fund, Government Employee Pension Fund which are recognised in the statement of Income and Expenditure on accrual basis.

(b) Defined benefit plan - Gratuity

The Society provides for retirement benefits in the form of Gratuity. Benefits payable to eligible employees of the Society with respect to gratuity, a defined benefit plan is accounted for on the basis of an actuarial valuation as at the Balance Sheet date. The plan provides for lump sum payments to vested employees on retirement, death while in service or on termination of employment an amount equivalent to 15 days basic salary for each completed year of service. Vesting occurs upon completion of five years of service. The present value of such obligation is determined by the projected unit credit method and adjusted for past service cost and fair value of plan assets as at the balance sheet date through which the obligations are to be settled. The resultant actuarial gain or loss on change in present value of the defined benefit obligation or change in return of the plan assets is recognised as an income or expense in the statement of Income and Expenditure. The expected return on plan assets is based on the assumed rate of return of such assets. The Society contributes to a fund set up by Life Insurance Company of India.

(c) Other long-term benefits - Compensated absences and leave encashment

Liability in respect of compensated absences becoming due or expected to be availed within one year from the balance sheet date is recognised on the basis of undiscounted value of estimated amount required to be paid or estimated value of benefit expected to be availed by the employees. Liability in respect of compensated absences becoming due or expected to be availed or encashed more than one year after the balance sheet date is estimated on the basis of an actuarial valuation performed by an independent actuary using the projected unit credit method.

The employees are entitled to ten sick leave in a year. Such leaves can be accumulated upto 45 days however encashment is not allowed. The Society provides for the liability at year end on account of unavailed leaves as per the actuarial valuation using the projected unit credit method.

2.12 Contingent liability, provisions and contingent asset

The Society creates a provision when there is present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of obligation.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that probably will not require an outflow of resources or where a reliable estimate of the obligation cannot be made.

Contingent assets are neither recorded nor disclosed in the financial statements.

Foot note:

- i) The Society entered into an agreement with Ministry of Health & Family Welfare, Department of AIDS Control (NACO) during the financial year 2014-15. The Society, in line with the agreement, incurred certain expenditure amounting to INR 221,785,299 in relation to human resources, trade promotion and communication activities. However, NACO did not fulfil its supply commitment of commodities, as per the contract resulting in limiting the achievement of program deliverables. On the basis of the above facts, the management of the Society issued a notice as "Frustration of Contract" to NACO during 2014-15. The Society subsequently received INR 133,064,731 out of the outstanding amount of INR 221,785,299 on April 2, 2016. During the year 2018-19, the management initiated arbitration proceedings to recover balance amount of INR 88,720,568. Based on opinion obtained from Independent consultant and assessment of facts and circumstances of the matter, the management is of the opinion that there are appropriate grounds available with the Society to defend its case from commercial perspective and therefore, no provision is considered necessary at this stage.

Retirement age (years)	60	60
Mortality table	IALM (2012-14)	IALM (2006-08)

The Society made annual contribution to the Life Insurance Corporation of India (LIC) of an amount advised by the LIC. The Society was not informed by LIC of the investment made or the break-down of plan assets by investment type.

B. Provident fund

The Society makes contribution to statutory provident fund in accordance with Employees Provident Fund and Miscellaneous Provision Act, 1952. This is post-employment benefit and is in the nature of defined contribution plan. Contribution made by the Society during the year is INR 11,874,568 (previous year INR 11,451,035).

18 The Society, based on the opinion obtained from independent legal firm, is of the view that its activities are covered under the definition of "charitable purpose" as defined in Section 2(15) of the Income-tax Act, 1961 and accordingly, has not created any provision for income tax in its books of account.

19 During the previous year 2018-19, the Society carried out an exhaustive exercise for the physical verification of fixed assets and its reconciliation with the fixed asset register/books of accounts. Accordingly, the Society had written off assets amounting to INR 6,788,383 (Gross Block INR 104,012,364 and Accumulated Depreciation INR 97,223,981) which were not physically available in year 2018-19.

20 The Society was served an order from the assessing officer during the year 2018-19 for conducting special audit under Section 142(2A) of Income-tax Act, 1961 (the "Act") for AY 2016-17. The Society was also served with show cause notice from the office of Commissioner of Income-tax (Exemptions) (prescribed Income Tax authorities) for withdrawal of exemption under Section 10(23C)(iv) of the Act for AY 2016-17. While the management responded to the show cause notice, the assessing officer submitted its report of special audit to Income Tax authorities. The Society responded to the show cause notice and to special audit report. When the assessment proceedings for AY 2017-18 came up for hearing, the Income Tax authorities after reviewing the submissions, kept income tax order under abeyance, since proceedings u/s 10(23C) were pending. The tax authorities again issued a show cause notice for withdrawal of Section 10(23C) but with no new grounds in respect of AY 2017-18. The Income Tax authorities have not yet taken any final view after the issuance of show cause notice, for both the years. The management submitted its response to such proposal, denying the charges with due cognizance to the findings and facts of the matter. No further notice has been received by Society till date.

Based on opinion obtained from independent legal firm/consultants and internal assessment of facts of the case, the Management believes that the Society has sufficient and appropriate grounds to substantiate its case and therefore, no income tax is considered for accrual at this stage.

21 The World Health Organization announced a global health emergency because of a new strain of coronavirus ("COVID-19") and classified its outbreak as a pandemic on March 11, 2020. In response, the Indian government have taken various actions and ensured many precautionary measures which posed significant disruption to operations and adversely impacting most of the industries which has resulted in global slowdown.

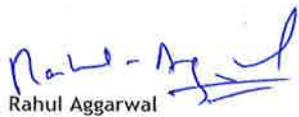

The full extent and duration of the impact of COVID-19 on the Society's operations and financial performance is currently unknown, and depends on future developments that are uncertain and unpredictable, including the duration and spread of the pandemic and any new information that may emerge concerning the severity of the virus, its spread to other regions and the actions to contain the virus or treat its impact, among others.

Any of these outcomes could have a material adverse impact on Society's financial condition and results of operations and cash flows for the year ended March 31, 2020 and thereafter.

Management currently believes that it has adequate liquidity and plans to continue to operate and mitigate the risks associated with COVID-19 for the next 12 months from the date of this Financial Statements.

22 Previous year figures have been regrouped/reclassified wherever considered necessary to make them comparable with those of the current year.
