TITLE: Manager - Program Implementation

NUMBER OF POSITIONS: One (01)

LOCATION: Gopalganj, Bihar

DEPARTMENT: Programs

REPORTS TO: Senior Manager -Program Implementation

SUPERVISES: Senior - Field Program Coordinator

GRADE LEVEL: D

POSITION CATEGORY: Program Operations

PSI INDIA is a non-profit, nongovernmental organization dedicated to improve life for SARITA in India, particularly the improvement of reproductive and sexual health, improved services for the health of mothers and children, sustainable sanitation solutions for cities and slums. PSI was incorporated in 1980 under the India Societies Act of 1860 and began implementing full-scale activities in 1988. Over the past thirty-three years, PSI India has collaborated with the Government of India and a number of donors to implement various programs towards increasing the use of modern contraception for family planning, to provide products and services for the health of mothers and children and to decrease the spread of HIV/AIDS and TB. For more information, please visit www.psi.org.in.

About specific Program:

PSI India with support in Bihar will scaling up proven high impact approaches for family planning to improve the family planning and contraceptive services across Bihar. It strengthens district level health systems to improve health services and end preventable child and maternal deaths among the vulnerable population in the districts. Through the partnership and support from PSI India, the program will deliver to rapidly scale up high impact practices (HIP's) to bridge demand, enabling and supply gaps in reproductive health among urban poor in India. Districts will progress through the four stage model (Start up, Surge, Pre-graduation and Post-graduation), based on tenets of creating sustainable impact at scale of family planning best practices through health system strengthening in a cost efficient way, through the "Lead, Assist, Observe and Sustain" coaching model . The program goal and strategic objective is to reduce preventable maternal, new-born and child deaths among the urban poor by increasing the use of modern contraceptive methods among married women, 15-49 years of age, with special focus on adolescents and youth, First Time Parents and improving the coverage and quality of evidence-based reproductive, maternal, new-born and adolescent health interventions. The program will capitalize the private sector and facilitate the development of private/public partnerships to increase Family Planning(FP) services in urban communities.
